INDEX TO PHOTOGRAPHS

SC-1-A-9	Late afternoon view of the interior of the westernmost wall section to be removed; camera facing north. (Note: lowered camera position significantly to minimize background distractions including the porta-john, building, and telephone pole)
SC-1-A-10	Morning view of the exterior of the westernmost wall section to be removed; camera facing south. Unpaved road in foreground; tree canopy in background.
SC-1-A-11	Morning view, contextual view showing the role of the brick walls along the boundary of the cemetery; interior view taken from midway down the paved west road with the camera facing west to capture the morning light on the west wall.
SC-1-A-12	Morning view, contextual view showing the road and gate to be widened; view taken from the statue area with the camera facing north.
SC-1-A-13	Morning view, contextual view showing unpaved corridor down the westernmost lane where the wall section (E) will be removed; camera facing north-northwest.
SC-1-A-14	Morning view to show wall detail near the gate; camera facing northwest looking down the northern wall.
SC-1-A-15	Morning view, brick post detail; view also shows dimensional wall-construction detail. North wall, with the camera facing northwest.
SC-1-A-16	Morning view, contextual view of the exterior west side of the north wall along the unpaved road; camera facing west, positioned in road approximately 8 posts west of the gate.
